

GDPR (RODO) INFORMATION

The processing of personal data during the course of the 2nd Artistic Photography Contest “Back to the roots” Wągrowiec 2025 involves entities that act as data controllers within the meaning of the General Data Protection Regulation (GDPR) — [Regulation (EU) 2016/679 of the European Parliament and of the Council of the European Union (EU) of 27 April 2016 on the protection of natural persons with regard to the processing of personal data and on the free flow of such data, and repealing the Directive 95/46/EC (Official Journal of the EU, L 119, p. 1)].

These entities make decisions regarding the processing of personal data — i.e., what personal data is processed, for what purpose, and in what manner. Each controller is independently responsible for the protection of personal data, as well as for informing the data subjects and the public about how their data is processed.

The Miejski Dom Kultury in Wągrowiec acts as the data controller for personal data processed in connection with the organization and execution of the 2nd Artistic Photography Contest “Back to the roots” Wągrowiec 2025.

1. The Miejski Dom Kultury, located at 55 Kościuszki Street, 62-100 Wągrowiec, processes personal information for the purpose of fulfilling its statutory and promotional activities, as well as for participation in events organized by the controller of these data.
2. The data controller processes personal data exclusively for the following purposes:
 - a) The execution of the agreement and the fulfillment of obligations related to its execution, where the legal basis for processing is the necessity to conclude and perform the Agreement (Article 6(1)(b) of the General Data Protection Regulation No. 2016/679, hereinafter referred to as the “Regulation”), as well as the fulfillment of legal obligations placed upon the data controller (Article 6(1)(c) of the Regulation);
 - b) The pursuit of the data controller’s legitimate interests (Article 6(1)(f) of the regulation), which include: the fulfillment of the controller’s internal administrative purposes and the ability to establish or pursue legal claims or defend against such legal claims;
 - c) The execution of a task carried out in the public interest or in the exercise of official authority vested in the data controller — pursuant to Article 6(1)(e) of the GDPR (RODO).
3. In connection with the processing of data for the purposes referred to in paragraph 2, the recipients of the data may include: public authorities and entities performing public tasks or acting on behalf of public authorities, within the scope and for the purposes arising from legal provisions; as well as other entities that, on the basis of relevant agreements signed with the Miejski Dom Kultury (MDK), process personal data for which we act as the data controller.
4. The disclosed data will not be subject to profiling.
5. The disclosed data will not be shared with third parties.
6. The data controller does not intend to transfer personal data to a third country or an international organization.

7. Personal data will be stored for the period necessary to achieve the purposes specified in section 2, and thereafter for no longer than the period required under the Act on the National Archival Resource and Archives, counted from the beginning of the year following the year in which the personal data was provided.
8. Individuals whose personal data is processed in connection with the organization of the 2nd Artistic Photography Contest "Back to the roots" Wągrowiec 2025 are granted the following rights:
 - a) The right to access and rectify personal data – by exercising this right, the data subject may contact the data controller to inquire, among other things, whether the controller is processing their personal data, what specific data is being processed and how it was obtained, the purpose of data processing, its legal basis, and how long the data will be retained.
If the processed data proves to be outdated, the data subject may request that the controller update it.
 - b) The right to delete or restrict the data processing – provided that the conditions set out in Articles 17 and 18 of the GDPR (RODO) are met. A request for the erasure of personal data is granted in particular when the continued processing of the data is no longer necessary for the purposes pursued by the data controller, or when the personal data has been processed unlawfully. The detailed conditions for exercising this right are specified in Article 17 of the GDPR (RODO). Restricting the processing of personal data means that the controller may only store the data. The controller may not transfer the data to other entities, modify it, or delete it. Restriction of processing is temporary and remains in effect until the controller has established whether the personal data is accurate, lawfully processed, and necessary for the intended processing purpose. Processing is also restricted in the event of an objection to processing — until the controller has reviewed the objection.
 - c) The right to file a complaint with the President of the Personal Data Protection Office (PUODO), who may be contacted in the following ways:
 - by post. ul. Stawki 2, 00-193 Warszawa
 - via the electronic submission form available on the website:
<https://www.uodo.gov.pl/pl/p/kontakt>,
 - by phone: (22) 531 03 00.
 - d) The right to withdraw consent at any time – where the legal basis for data processing is consent (Article 9(2)(a) of the GDPR (RODO)). Withdrawal of consent does not affect the legality of processing carried out prior to (before) the withdrawal.
 - e) The right to receive personal data in a structured, commonly used format, to transmit such data to other controllers, or to request, where technically possible, that the data be transferred directly by the controller to another controller — when the legal basis for processing is the data subject's consent or the execution of a contract (Article 6(1)(b) of the GDPR (RODO));
 - f) The right to object the processing of personal data – when the legal basis for processing is the performance of tasks carried out in the public interest or the legitimate interests pursued by the controller (Article 6(1)(e) or (f) of the GDPR (RODO)). Filing an objection will result in the termination of data processing by the controller, unless the controller presents compelling legitimate grounds for the processing that override the interests, rights, and freedoms of the data subject, or for the establishment, exercise, or defense of legal claims.
